TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

[L. S.]

To the Inhabitants of the Town of Danville, in the County of Rockingham, in said State, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said Town on Tuesday, the 14th day of March next, at nine o'clock in the forenoon, to act on the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray Town charges for the ensuing year, and make appropriation for same.
3. To see what sum of money the town will vote to raise and appropriate to repair the several highways and bridges.
4. To see if the Town will vote to raise and appropriate a sum of money necessary to obtain State Aid for building State road and to decide where to build the same.
5. To see what sum of money the Town will vote to raise and appropriate for the maintenance of the State road.
6. To see what sum of money the Town will vote to raise and appropriate for snow paths.
7. To see what sum of money the Town will vote to raise and appropriate for the Public Library.

8. To see if the Town will vote to raise and appropriate a sum of money to be used in improving the cemeteries.

9. To see if the Town will vote to raise and appropriate a sum of money for the observance of Memorial Day.

10. To see if the Town will vote to authorize the Selectmen to hire money for the use of the Town.

11. To see how much of the Parsonage funds the Town will vote to spend for preaching for the year ensuing.

12. To transact any other business that may legally come before the meeting.

Given under our hands and seal, the 20th day of February, in the year of our Lord nineteen hundred and thirty-three.

ALFRED B. SARGENT,
MAHLON C. CURRIER,
MAHLON B. DARBE,
Selectmen of Danville.

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

*To the inhabitants of the School District of Danville qualified
to vote in district affairs:*

You are hereby notified to meet at Town Hall in said district on March 18, 1933 at 7:30 o'clock in the evening to act upon the following subjects:

1. To choose a moderator for the ensuing year.
2. To choose a clerk for the ensuing year.
3. To choose a treasurer for the ensuing year.
4. To choose a member of the school board for the ensuing three years.
5. To fill any other vacancies on the school board.
6. To hear reports of agents, auditors, committees, or other officers chosen, and pass any vote relating thereto.
7. To see what alterations, if any, the district will vote in the school board report of money needed for educational purposes during the fiscal year, and to see if the district will vote to raise the amounts as then called for therein.
8. To choose agents, auditors, and committees, in relation to any subject embraced in the warrant.
9. To transact any other business which may come before said meeting.

Given under our hands, this 25th day of January 1933.

W. CURRIER WITHERELL,
LOUIS M. GRIFFIN,
ANNIE McGRATH.

School Board of Danville.

District Treasurer.

AUDITOR'S CERTIFICATE

This is to certify that I have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Danville, of which the above is a true summary for the fiscal year ending June 30, 1932, and find them correct in all respects.

VIOLET L. MACE,
Auditor.
July 13, 1932.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Danville:

It is my privilege, as Superintendent of Schools, to again present my report, the sixth annual. In this report I invite your consideration to the following topics: The Pupils' Progress, Economic Conditions and the Schools, Our needs and the Future.

THE PUPILS' PROGRESS

In line with my last report I wish to continue the tabulation of test scores. The eighth grade was tested separately with the "Standard Graduation Examination" and grades four to seven inclusive used the "Otis Classification Tests." The results are grouped below.

<i>8th Grade</i>		
<i>Highest Score</i>	<i>Median Score</i>	<i>Median of Union No. 14</i>
203	130	130
<i>No. of Pupils</i>	<i>No. above</i>	<i>Union Median</i>
3		2

<i>Grades 4 to 7</i>			
<i>Grade</i>	<i>No. of pupils</i>	<i>Median Score of Union No. 14</i>	<i>No. above Union Med.</i>
4	7	49	2
5	5	73	1
6	13	93	6
7	6	108	3

The results obtained are quite satisfactory. The three upper grades represented here have accomplished as much or more as one could expect. They compare favorably with the other towns of the Union. In view of these results and the fact that the standards of the grades were somewhat higher this year than last, your pupils made good progress and deserve this commendation.

ECONOMIC CONDITIONS AND THE SCHOOLS

Walter Gifford, chairman of the Unemployment Committee, says "One body of our citizenry remains immune from all blame and responsibility in the difficulties with which we are faced and must be held in special guardianship during the period of readjustment. I refer to the children." Who can deny the truth of this statement? Yet we fear there are hostile agencies afloat who would imperil the greatest socializing agency in America, our public school system. Due to the great economic stress considerable pressure is being brought to bear upon public officials to reduce the burdens of government with schools asked to take a large share in it since they are a large factor in the make-up of the total. Some will advocate as high as reductions of fifty per cent. Such procedure would be disastrous not only to the schools and the children but to our American Civilization, to our political stability, and to our capacity to return to a reasonable level of prosperity. No one of good understanding would advocate a radical reduction in the money devoted to our public schools. America is not, never has been, never will be so poor that it must starve and cripple its most effective agency of strength and stability.

Education is the balance wheel of civilization. It preserves the best of the past and helps each generation to fashion them to the needs of the future. How much more important just now is this service? Have you not been amazed at the almost negligible amount of lawlessness and disorder during the past year and a half? Have you ever stopped to ask yourself how far the schools are responsible for this control?

Schools also contribute to economic stability. Supporting the schools is supporting the grocer, the tailor, the manufacturer, the builder because the money spent flows directly into these channels of activity.

Proposed retrenchments threaten to reduce the pay of teaching to that of unskilled labor. If such retrenchments are adopted, expensive preparation for teaching must be abandoned. The practice of false economy will require that the school curriculum be stripped to a point which will provide only the type of education needed for "horsecart days." Training for sound health, worthy home membership, lifelong learning, good citizenship, vocational skill, useful employment of leisure, and ethical character must be greatly reduced or eliminated. The abandonment of these educational objectives, called forth by the demands of an increasingly complex social and economic system, will be a greater national calamity than abandoning the automobile and reverting to the days of horse and buggy.

We hear much about school costs. Some say they have increased too rapidly since the war. Let us examine some of the reasons for the admitted increase. First, attendance in the United States has increased approximately 70% since 1914. Since we have not found a way to educate children by machinery, an increase in attendance involves a proportionate increase in school expenditure. Of course we could have prevented the growth in costs due to increased attendance, by allowing fewer children to attend school or by forcing them out of school at an earlier age. Most of us, however, would question whether such a policy would mean a real saving. Second, school costs have increased because the greater demands of the changing times have been exacted. Better trained teachers have been demanded. Better constructed and more healthful buildings have sprung up all over the land. The enrichment of the curriculum to meet the varying needs of individual pupils has become imperative. All of these items conforming to our own greater personal needs contribute to an added expense of operation and are reflected in the public opinion of every

school district whether these items are of direct or indirect concern. Third, school costs increased between 1914 and 1926 due to the decreased purchasing power of the dollar. Figures are not available for recent years but various estimates place increased present day costs due to decreased purchasing power at 25% of the increase whereas in 1926 it was 50%. When these three factors are evaluated, most of the increase in school costs is accounted for.

Today your community as well as every other community is studying its schools and every other agency of government to discover what economies can be made to bring expenditures within the community's capacity to pay. Care should be exercised to avoid economies which are short-sighted. The quality of instruction your child receives will depend largely upon what you pay for it. Wise buyers know that there is really no such thing as a bargain. Parents owe it to their children to weigh carefully the many proposed methods of economizing in school expenditures. A false step here can cripple the fundamental services of the schools. In the years just ahead of us lie important problems. These problems cannot be solved by a blighted generation.

NEEDS AND THE FUTURE

With past successes alive in the present we are led to believe the future is not barren and dark. Many improvements in personnel, buildings, and equipment have taken place. More satisfactory teachers have been added and retained. Adequate lights, shades, and seating have been installed. Better teaching equipment is being added from time to time. So we might ask—what is the next step? It would appear to the writer that your next step ought to be improve the toilet facilities, especially those at the Eaton School. At certain times there is considerable odor which penetrates the two rooms. This condition should not be tolerated and I hope some measures of relief will be attempted. Two solutions come to my attention: Water Flush toilets or Chemical toilets. I would recommend the chemical for this installation.

I am deeply appreciative of the support of the School Board, the assistance of a good force of teachers, and the cooperation of parents and friends. The year has passed admirably well for such troublesome times. The organization of the local Parent-Teachers Association has been a big step in the right direction. Its efforts in behalf of the Dental Clinic deserve especial mention. "The everlastin' teamwork of every blooming soul" has been our watchword.

Very respectfully,

HAROLD C. BOWLEY,

Epping, N. H.,
February 10, 1933.
